Subject: PDT Meeting Date Change & ROW Maps

All:

I will be sending an update to the meeting date moving it from Feb. 1 to Feb. 8 same time of day except Onward will move to 9:00 am. As you might know, I am out of the office on vacation. Dennis is out **REDACTED** but will be back in action to lead the meetings on Feb. 8.

Apologies for this change. We appreciate your understanding and flexibility.

As for the ROW maps that have been requested by the City for purposes of meeting with City Council, these need to be submitted to the City by Monday, Jan. 30 for first review with any final changes submitted Feb. 1. Please refer to previous email regarding the information on which projects require these exhibits. There are no for Onward. Tait has Jeronimo/El Toro. Rick has Bake/Toledo, Jeronimo/Lake Forest (just to show the widening impact on existing landscaping within City ROW), and possibly Los Alisos/Rockfield (I will defer to Doug and Tran whether they want to present to Council the potential scope of work to relocate overhead power lines and secure TCEs from residents for retaining wall and reconnection of overhead electrical services).

If you have any questions, please let me know.

Thank you

Mark Lewis, P.E., T.E.

Project Director, Municipal Services
