  - ▶ In April 2015, the City Council approved an Amendment to the 2009 Waste Disposal Agreement (WDA Amendment) to continue importation of waste at the County landfills, City allocation of future importation revenues, and to extend terms of the WDA through June 30, 2025. The County requested that all cities change the effective date of the approved Amendment from September 30, 2015, to June 30, 2016. OCFA is currently collecting data to understand the effectiveness of the new service delivery model; and this information will be presented to the OCFA Board of Directors in early August.

## ▶ Discussion (continued)

### ▶ Item 12: Legislative and Regulatory Matters

#### ▶ City Council may take a position on the following two bills:

- Senate Bill 876 (Liu) – Referred to as the “Right to Rest Act,” this bill would allow homeless individuals the rights to rest, worship, and meditate in public spaces. Although SB 876 aims to enhance certain rights for the homeless population, it also increases the potential for civil litigation including injunctive or declaratory relief, restitution for loss of property, attorney’s fees, and other damages for violations of the proposed law.
- Assembly Bill 1707 (Linder) – This bill would require specific changes to the City’s response to Public Records Requests. Specifically, AB 1707 would require the agency to provide a description of the type(s) of exempted documents withheld. Examples of exempted documents include HIPAA health information, personnel records involving discipline, and confidential information regarding existing and ongoing litigation. While the bill aims to enhance government transparency, it also creates the potential for increased litigation.
