**Subject: Notice of Preparation of a Draft Subsequent Environmental
Impact Report – Portola Center Project**

Dear Mr. Santos:

Thank you for the opportunity to comment on the Notice of Preparation of a Draft Subsequent Environmental Impact Report for the Lake Forest Portola Center Project. The City of Irvine has reviewed the project and has the following comment:

1. The traffic study should include the extended study area intersections within the City of Irvine that were analyzed in the Vacant Land Opportunities Phase III Alternate 7 Traffic Study for all study analysis years (refer to enclosure).

Please forward copies of all additional documentation associated with this project for our review.

If you have any questions, please contact me at (949) 724-6559 or via e-mail at sjones@ci.irvine.ca.us.

Sincerely,

Sherman Jones
Associate Planner
