

Applicants Guide to Submitting **VARIANCE APPLICATIONS**

PURPOSE:

The Zoning Ordinance establishes specific criteria which govern development throughout the City. These criteria are referred to as **development standards** and may include, but are not limited to, requirements for site area, building site coverage, building height, building setbacks and landscape setbacks. Occasionally, the strict application of these standards may be inappropriate because of special circumstances which are applicable to a particular site. When this is the case, the property owner may request that the Planning Commission grant a Variance for their proposed property improvements.

Some examples of special or unique circumstances are an oddly configured lot, limited access to a site or a unique site topography. The Zoning Ordinance does not allow for consideration of a Variance based upon financial considerations or other extraneous concerns. The Zoning Ordinance requires the Planning Commission make two specific findings prior to approving a Variance. They are as follows:

1. **Special Circumstances:** There are special circumstances applicable to the subject building site which, when applicable zoning regulations are strictly applied, deprive the subject building site of privileges enjoyed by other property in the vicinity and subject to the same zoning regulations.
2. **No Special Privileges:** Approval of the application will not constitute a grant of special privileges which are inconsistent with the limitations placed upon other properties in the vicinity and subject to the same zoning regulations, when specified conditions are complied with.

It is imperative that the applicant provide written justification indicating how the project or request will meet the above findings. Variance applications are subject to the review and approval of the City's Planning Commission. A Planning Commission action on a Variance may be appealed to the City Council.

Variance applications may be submitted to the Community Development Department Monday, Tuesday and Thursday 8:00 a.m. to 6:00 p.m., Wednesday

8:00 a.m. to 11:45 a.m., and Friday 8:00 a.m. to 5:00 p.m. The Community Development counter is closed for lunch between 11:45 a.m. and 1:00 p.m.

APPLICATION SUBMITTAL REQUIREMENTS:
