_____ ***Signature of Applicant***

_____ ***Date***

SCRP APPLICATION

SUBMITAL REQUIREMENTS:

Attach all of the following required items to your permit application for City review and approval:

- 1. SITE PLAN** A plan, no smaller than 8½” by 11”, providing a legible, general description of the business site and the specific location(s) of the designated cart collection area(s) on the property. Show the locations of required building-mounted signage (see #3, below).
-
- 2. COLLECTION PLAN** **OFF-SITE:** A written description of how off-site carts will be collected and evidence of who (i.e., employees or a professional retrieval service) will collect them, If a professional retrieval service is to be used, include a copy of their contract for service; and
ON-SITE: A written description of on-site cart management (how frequently carts are brought back to their enclosures/staging areas, overnight storage, etc.). Shopping carts located on the premises of all retail establishments shall be collected throughout the day and placed within a designated area. Designated areas shall be inside the store or immediately outside the tenant space in a designated corral that does not impede the accessible path of travel (**XX inches**).
-
- 3. SIGNAGE PLAN** A plan, no smaller than 8½” by 11”, which illustrates:
a. The design, size, colors and content of signage required for your Shopping Carts;
b. The design, size, colors and content of signage required for your Building Exteriors.
(See the *SCRP Signage Guide* for examples of complying signage)

A NOTE REGARDING SHOPPING CART RETENTION/RETRIEVAL PLANS

Businesses that use carts in the City of Lake Forest are required to submit a Shopping Cart Retention/Retrieval Plan (SCRP), which is a plan that indicates the business’ strategy for shopping cart retrieval. Businesses within the same center may share a SCR. The SCR is approved by the City and establishes a business’ responsibility for containing and managing their carts on-site to the greatest extent practicable, and - if necessary - for collecting all carts found off-site within 24 hours, either through the use of employees or via a private collection service.

Businesses are required to post signs on the building and on every cart indicating that it is against the law to remove the carts from the business. The cart signage must also contain the specific name, address and phone number for the business. Additional information on required signage can be found in the *SCR Signage Guide*.

A successful SCR ensures that any shopping carts taken off of the property are recovered within 24 hours, and that all required signage is effectively maintained. A SCR will be deemed ineffective if:

- Within a thirty (30) calendar day period, three (3) or more incidents of shopping carts found off the premises by enforcement personnel for a period of time in excess of twenty-four (24) hours
- Failure to maintain required signage

If a SCR is deemed ineffective, the business shall be required to apply for and then implement a Shopping Cart Containment Plan (SCCP). A SCCP contains all of the elements of a SCR, but carries the additional requirement that physical or mechanical containment measures be installed to prevent the removal of shopping carts from the property. Unlike the (no-cost) SCR, each application for a SCCP shall be accompanied by a fee of **\$296.00** to offset the actual costs of review. An establishment failing to maintain an effective SCCP shall be required to additional SCCPs until physical containment is achieved.

SIGNAGE GUIDE

for
Shopping Cart Retention/Retrieval Plans (SCRPs)
and
Shopping Cart Containment Plans (SCCPs)

Created 5/09 LK

SIGNAGE REQUIREMENTS FOR CARTS:

Every shopping cart shall have a sign permanently affixed to it, not smaller than sixty (60) square inches, consisting of white lettering at least three-sixteenth (3/16) inches in height on a contrasting background which:

- (1) Identifies the specific name and address of the business;
- (2) Notifies the public of the procedure to be utilized for authorized removal of the cart from the premises;
- (3) Notifies the public that the unauthorized removal of the cart from the premises of the business, or the unauthorized possession of the cart, is a violation of state and local law; and
- (4) Lists a valid telephone number or address for returning the cart removed from the premises to the retailer.

SAMPLE:

SIGNAGE REQUIREMENTS FOR BUSINESSES:

Every retail establishment utilizing shopping carts shall post signs at the entrance and exit, measuring no less than seventeen (17) inches by twenty-two (22) inches in size, consisting of white lettering no smaller than one (1) inch in height on a contrasting background which notifies customers that shopping carts may not be removed from the premises. Additional signs may be posted on the premises notifying customers that shopping carts may not be removed from the premises.

SAMPLE:

MAINTENANCE REQUIREMENTS FOR ALL SIGNS:

All signage shall be maintained in legible condition at all times and replaced as becomes necessary due to weathering, damage, vandalism, etc.
