

**CITY OF LAKE FOREST  
2019 LEGISLATIVE PLATFORM**

The Legislative Platform (“Platform”) defines the City’s Policy guidelines and provides the foundation for advocacy efforts at the federal, state, and local levels. Staff uses this Platform to identify relevant topic areas and subject matter, and makes recommendations to the City Council on specific legislation consistent with the policy guidelines. Additionally, in the event it is necessary for the City to respond to a legislative proposal in a timeframe that does not allow the City Council to take formal action, staff would express positions on bills in accordance with these guidelines, and then seek City Council direction at the appropriate time. Staff would also continue to advocate a position for a bill which has been amended in to a new bill number as long as the language and intent remain substantially unchanged.

<b>PUBLIC SAFETY</b>	<del>22.</del> The City opposes legislation to create new financial burdens or erode public safety through realignment implementation.

## **Legislative Proposals Process**

The process for responding to legislative proposals is as follows:

1. Once a determination has been made that a legislative proposal may impact the City, a letter outlining the City's position (support, neutral or oppose) will be drafted for the Mayor's signature;
2. The draft position letter will be agenized for City Council approval at a City Council meeting;
3. If the letter is approved, Staff will finalize the position letter and forward it to the bill's author, the League of California Cities, and other stakeholders as deemed appropriate; and
4. A copy of the final letter will be distributed to the City Council.
